Clinical Psychologist

Meet **your Doctor**

Dr. Ann Lawrence is a licensed psychologist and certified life coach. She specializes in relationship issues, self-esteem, and personality disorders. She is experienced working with a variety of mental health concerns including depression, anxiety, anger management, and the management of compulsive or addictive behaviors.

Dr. Lawrence is practiced in many schools of counseling and therapy. She recognizes, though, that the most essential component for effective counseling is a good relationship. She approaches counseling with respect, genuine caring, and a sense of humor. She believes that finding a safe place to process thoughts and feelings, learn about yourself, or master new skills can improve your quality of life. Counseling can bring about greater understanding and trust in yourself, improved relationships, increased satisfaction in your work, and more joy in your life.
